

Junebug

fun and funky indie rock from the Twin Cities

Junebug fuses together the best of all worlds to create a groovy sound that is uniquely their own, drawing on many influences from numerous genres including psychedelic, funk, grunge, classic rock, reggae and even country. With influences like Beck, the Flaming Lips, Ween, Cracker, the Foo Fighters and more, their lyrical hooks, funky rhythms and rock 'n' roll licks guarantee good times. They rock, so you don't have to.

Junebug has had radio airplay on Cities 97, Radio K, and KFAI in the Twin Cities as well as KMSU in Mankato and KNDS in Fargo/ Moorhead. Junebug has been the featured musical guest on KARE 11's "Showcase Minnesota" and "Inside Entertainment" on North Metro TV, have made appearances on Fox 9 and KSTP channel 5, and have twice guest hosted "Modern Rock Twin Cities [MRTC]" on metro cable Channel 6. Junebug's music has been placed on MN Original and in television programming in Europe.

Notable performances include the legendary Basilica Block Party, and playing the main stage Twin Cities Pride Festival a number of years. Junebug has played numerous shows at such celebrated Twin Cities venues as the Fine Line Music Café, the Varsity Theater, the Ritz Theater, Bunker's, the Triple Rock, the Uptown Bar and many more. In addition to the many shows in the Twin Cities, Junebug actively plays road shows in Minnesota, the Dakotas, Iowa and Wisconsin, with plans to branch out further in the future.
